

For Immediate Release

2-Week Schedule Modification to Motor Vehicle Registration Services (Downtown)

As the Shelby County Clerk Office nears the end of the latest issuance of new state license plates, we're taking measures to stay ahead of February's anticipated rush. The Shelby County Clerk's offices often see a significant increase in new vehicle purchases and Motor Vehicle Registration packages from dealers during the month of February (tax season).

In an effort to stay ahead of this rush, the Shelby County Clerk's office is closing the MVR and Title departments to the public at the Downtown location only during the weeks of **January 24th-27th** and **January 30th-February 3rd** so our team can process and clear MVR and Title requests.

All other services, including driver's license, marriage, notary and business tax services will remain open.
